

## WHY USE HAND CLEANERS & CONDITIONERS

### **PROTECTION & BARRIER CREAMS**

Every day, your hands are exposed to many harmful situations. Our skin protects our body by forming a barrier against bacteria and harmful substances like glue, paint, grease and ink. If the hands are not properly protected during work, the skin loses some of its protective ability. This can lead to drying of the skin, which not only leads to a tight, uncomfortable feeling, but eventually also to skin diseases. Dreumex protective creams prevent this and ensure that the hands are quick and easy to clean, keeping your hands in top condition.

### **CLEANSING GELS & CREAMS**

The reliable industrial hand cleaner solutions provided by Dreumex include scrub soap, hand cleansing gel and paste. Are you looking for a waterless hand cleaner? We offer strong cleansing wipes as an ideal alternative.

### **SANTISERS & DISINFECTANTS**

Dreumex Omnicare Alcohol Spray is a spray for disinfecting hands when high effectiveness and good skin tolerance are required. The spray kills 99.999% of all bacteria and was tested in accordance with European standards (EN 1040, EN 1276, EN 1500, EN 12791, EN 1275, EN 1650, EN 13624, EN 1275, EN 1650, EN 13624, EN 14348, and EN 14476). Thanks to the use of modern skin conditioners and nourishing ingredients, Dreumex Omnicare Alcohol Spray does not dehydrate the skin. The spray is free from coloring agents and perfume and is suitable for frequent use.

### **CONDITIONING & RECOVERY CREAMS**

When the protective function of the skin is compromised, it can lead to drying: the skin contracts and can crack, resulting in cracks and damaged hands. This is not only uncomfortable, but can also lead to serious skin problems. Dreumex Natural Care cream developed for all skin types stimulates the skin's natural recovery process, leaving it smooth and supple. Used regularly, Dreumex Natural Care protects against the damaging effects caused by work and weather conditions.

### **OTHER (PAPER & AIR FRESHENER PRODUCTS)**

Dreumex offers air fresheners that are suitable for washrooms, bathrooms, hallways and offices and are specially designed to give off a pleasant fragrance for months. Dreumex air fresheners only work without batteries, meaning that they are environmentally friendly and economical and will never let you down.
